

LONG LIVE COUNTRY MUSIC

Long Live Country Music – where history, heart, and hit songs come alive.

About

All About the Show

Ron Keel (aka Ronnie Lee Keel) made his mark as a hard rocker in the 1980s, when his catalog—produced by Gene Simmons of KISS—sold millions of records and landed him on the Billboard Hot 100. His career took him around the world, including a 1987 tour with Bon Jovi that featured three sold-out nights at Madison Square Garden, plus stadium dates with Van Halen and Aerosmith, cementing Keel's reputation as a world-class entertainer.

Fans were surprised when his VH1 special Ron Keel Goes Country (1995) became the highest-rated episode of *Where Are They Now?* in the show's history. But for Keel, it was a natural return to his roots. Born in Georgia and raised by a working-class father who occasionally played acoustic guitar with Hank Williams Sr., country music was always part of his DNA.

In 2006, Keel created, co-produced, and starred in *Country Superstars Tribute*, which became the longest-running country music casino show in Las Vegas history. The show headlined the Golden Nugget for two years and enjoyed extended runs at multiple casino venues.

Now, Keel has combined decades of experience to create Long Live Country Music—a powerful tribute to America's most beloved genre. This production blends current and classic country hits, brought to life by top-tier singers and seasoned Las Vegas musicians. While not strictly an

impersonator show, the cast channels the looks, voices, and personalities of country's biggest stars with uncanny accuracy.

Adding to the authenticity, the show also introduces emerging national country artists, each showcasing a short headline set of original material. In the spirit of keeping country music alive and evolving, Long Live Country Music shares these fresh voices with new audiences.

Ron Keel himself hosts and performs throughout the show, lending his voice, music, and presence to every concert. Each performance includes an intimate acoustic sit-down segment, where the cast pays tribute to legends like Johnny Cash and Merle Haggard, weaving history and storytelling into the music.

Patriotism also runs deep in the show. During emotional American country anthems, audiences are known to stand, cheer, wipe away tears, and raise their fists in celebration—capturing the spirit of country music at its most powerful.

Long Live Country Music is more than a tribute. It's a journey through the heart of the genre, a celebration of the past, present, and future, led by one of rock and country's most versatile voices—Ron Keel.

Short bio

Long Live Country Music delivers a two-hour mix of current and classic country performed by top-shelf singers and seasoned Las Vegas musicians. The show pays tribute to major country stars, adds short original-music segments from up-and-coming national artists, and includes an intimate acoustic tribute to country legends.

Full press bio

Long Live Country Music is a two-hour performance of current and classic country, featuring top-shelf singers and seasoned Las Vegas musicians. The cast matches the looks, voices, and personalities of the singers they portray, while covering artists from Lainey Wilson, Jason Aldean, and Luke Combs to Johnny Cash, Merle Haggard, Willie Nelson, and George Strait. The show includes short headline segments from up-and-coming national country artists, an intimate acoustic tribute to country legends, patriotic country anthems, and a free meet & greet with the cast afterward.
